UNIT 1 • HEALTH, TIMETABLES & NUTRITION SYSTEMS

STAYING HEALTHY & NUTRITION SYSTEMS!

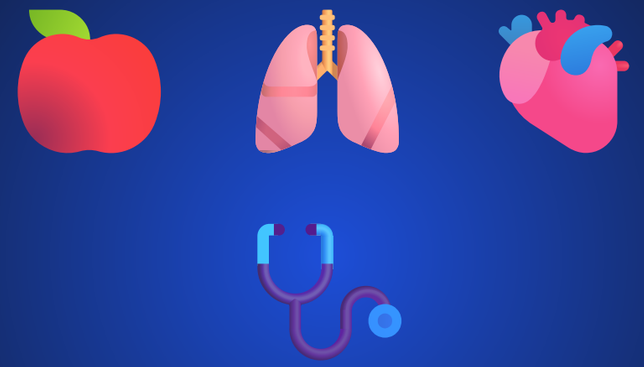

School Timetables, Illness Symptoms & The 4 Systems of Human Nutrition

(Horarios escolares, síntomas de salud y los 4 aparatos de la nutrición humana)

School Subjects

Health Symptoms

4 Nutrition Systems

HEALTH HEROES!

Fuel your body with oxygen & nutrients!

1. Health & Symptoms • Síntomas de Salud

Describir cómo nos encontramos y pedir consejo médico: "I've got a headache"

Headache
DOLOR DE CABEZA

Stomach ache
DOLOR DE BARRIGA

Cough
TOS

Temperature / Fever
FIEBRE

Cold
RESFRIADO

Toothache
DOLOR DE MUELAS

Sore throat
DOLOR DE GARGANTA

Cut / Scrape
CORTE / HERIDA

2. The 4 Nutrition Systems • Los 4 Aparatos

Cuatro sistemas corporales que colaboran para alimentar y limpiar nuestras células

🥗 1. Digestive

Digestive System

APARATO DIGESTIVO

Mouth, stomach, small & large intestines transform food into nutrients.

🫁 2. Respiratory

Respiratory System

APARATO RESPIRATORIO

Trachea and lungs absorb vital oxygen ($ ext{O}_2$) and expel $ ext{CO}_2$.

❤️ 3. Circulatory

Circulatory System

APARATO CIRCULATORIO

Heart and blood vessels pump blood delivering nutrients and oxygen to cells.

💧 4. Excretory

Excretory System

APARATO EXCRETOR

Kidneys filter toxic waste from the blood and produce urine to clean the body.

3. Modal Verbs: Should & Shouldn't

Dar consejos médicos: "You should drink water" vs "You shouldn't run"

✅ SHOULD (Deberías)

- *"You have got a temperature. You **should rest** in bed."*
- *"You have got a sore throat. You **should drink** warm tea."*
- *"Your digestive system needs help. You **should eat** fruit!"*

❌ SHOULDN'T (No deberías)

- *"You have got a stomach ache. You **shouldn't eat** sweets."*
- *"Your heart is racing. You **shouldn't run** in the heat."*
- *"You have got a cough. You **shouldn't drink** cold water."*
